Art Unit: 1714

The amendment received 17 January 2006 has been made of record. Claims 1-14, 17-19, 24, 25, 28-31 and 34-36 are pending.

Claims 1-14, 17-19, 24, 25, 28-31 and 34-36 are rejected under 35 U.S.C. 102(b) as being anticipated by WO '173 as evidenced by US equivalent Boege et al.

This rejection is maintained substantially as set forth in the previous office action.

The disclosure of the reference of relative amounts of fatty compounds encompassing those claimed by applicant is seen as anticipatory.

Applicants have argued that the reference exemplifies only one ester of a polyunsaturated acid. It is the position of the examiner that the reference need not teach by way of a specific example in order to anticipate the rejected claims.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
